MEMORANDUM FOR THE RECORD

SUBJECT: Visit from George Carroll of the Office of the Vice President, Friday, 12 March 1965

1. George Carroll came over to tell me that he has been assigned by the Vice President to be his Assistant for National Security Affairs. He solicited the assistance of the Agency in providing him with whatever material he would need and indicated that a letter was enroute to the Director from the Vice President.

2. I told Carroll of our plans for the briefing of the Vice President which is now scheduled for 24 March and at which he and Mr. Connell would be present. I told him we would process the necessary clearances for him and that we would arrange to send him the Daily Bulletin and other informational material. He said that the Vice President would like to receive the same type of material that the President receives so that he will be knowledgeable in the event that the President asks him to participate in discussions on areas of interest. He noted that he and Mr. Connell would be cleared for all of the same things and that Connell was the Vice President's principal assistant. I advised Mr. Elder of the discussion and he informed me that arrangements had been made for Connell and Carroll to sign the necessary clearance forms after the briefing on the 24th.
